Quantity (packing) APZ12-650	12 pc
Dimensions (piece)	800×360×150 mm
EAN	8595580583002

new

## WC systems SLIM now including ventilation

### Efficient and quiet ventilation

Preparation for effective and quiet ventilation with immediate elimination of unwanted odors will be new on WC systems SLIM. You will then have the opportunity to decide during installation whether you will use this useful feature or not. You just drill a blind connector in the supply elbow, connect the extraction fan and suck the air out of the room.

alca

### Connection options

You can connect the WC system either to the central ventilation system or use any in-line extractor fan. Our product line offers an extractor fan P128, which provides sufficient power for the extraction of odours.

#### P128

Extraction fan for pre-wall installation systems with ventilation

- The odour is removed directly from the toilet bowl
- Efficient and silent operation
- No additional costs

## WC systems SLIM now including ventilation

### AM1115/1000

Pre-wall installation system for building into solid walls

Quantity (packing)	1 pc
Dimensions (piece)	1086×528×145 mm
EAN	8595580551292

### AM1101/1200

Pre-wall installation system for dry build up (plasterboard)

Quantity (packing)	1 pc
