NEW PRODUCTS INDEX 7

Extension of warranty on pre-wall installation systems and mounting frames on 15 years

Based on many years of experience in the development and production of our traditional pre-wall installation systems and mounting frames we decided to extend the warranty on the frames and WC cisterns from the current 6 to 15 years. Thank you for your confidence in our products!

Product group	Basic warranty (number of years)	Extended warranty (number of years)
Pre-wall installation systems		
WC cisterns and mounting frames	2	15
Valves	2	3
Flush plates and accessories	2	2

For further information regarding the warranty go to www.alcaplast.com/en/podpora-a-servis/zaruky.

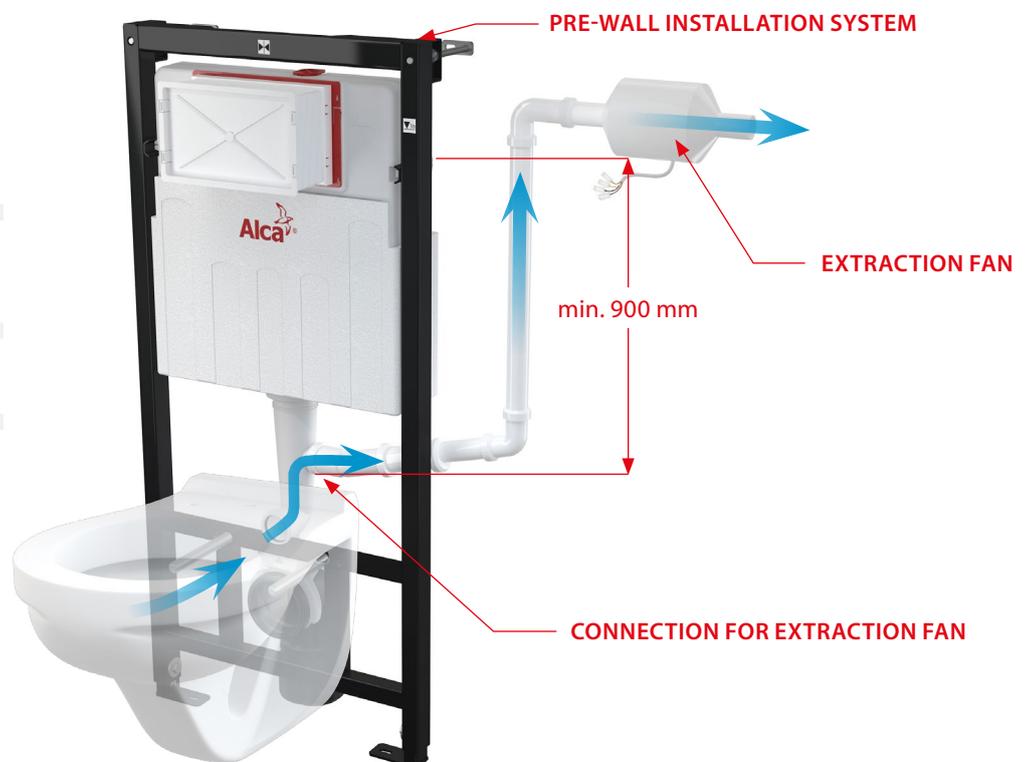

Extraction fan for pre-wall installation systems with ventilation

Our range of pre-installation systems with ventilation thanks to the powerful pipe extraction fan ensures the sucking off the odour directly from the toilet bowl and drains it out of the room.

This method of extraction of the odour by a fan is a one-time expense and does not require any additional costs (ie. regular replacement of filters, etc.). It is suitable in particular for toilets without windows or as a ventilation for toilets placed in the bathroom.

Advantages of the extraction fan:

- EFFICIENT AND SILENT SUCTION
- ELIMINATION OF UNWANTED ODOURS
- ECONOMICAL SOLUTION
- NO ADDITIONAL COSTS

PRE-WALL INSTALLATION SYSTEMS ALCA WITH VENTILATION

AM115/1000V Renovmodul
Pre-wall installation system with ventilation for building into solid walls

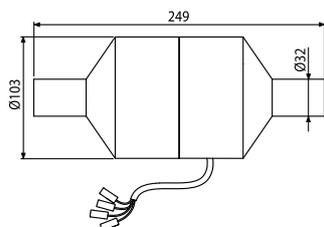

AM101/1120V Sádromodul
